INVITED WORKSHOP SUMMARY

Title of Workshop:

LegalTech - Technology for Law and Law for Technology

Name, Title and Affiliation of Chair:

1. dr hab. Kinga Flaga-Gieruszyńska prof. US – University of Szczecin
2. dr hab. Joanna Studzińska – Leon Kozminski University
3. dr Wojciech Sałabun - West Pomeranian University of Technology

Details of Workshop (including aim and scope):

List of topics covers but are not limited to:

1. Digital legislation,
2. LegalTech - selected aspects of the mutual relations between law and computerization and digitalisation of various areas of life,
3. Social media, fake news, fake websites – a new face of evidentiary proceedings in court cases,
4. Bitcoins and altcoins – pursuing pecuniary claims and court enforcement,
5. Artificial Intelligence and knowledge engineering in the practice of a law firm,
6. Using blockchain in legal activities and public registers,
7. IT tools and the performance of legal professions,
8. IT tools in the functioning of judicial authorities,
9. Other aspects of linking legal science with technology (IT).

The main goal of the workshop is to collect current experiences, analyse trends and challenges posed by information technologies in the field of legal sciences.

The workshop also has two goals:

1. to demonstrate the influence of computerization and digitalisation of social relations and legal transactions on the manner of pursuing civil claims and court enforcement
2. to demonstrate the impact of IT tools on the organization and efficiency of common courts, as well as the functioning of individual legal professions (in particular, lawyers, notaries, and court bailiffs).
