INVITED SESSION SUMMARY

Title of Session:

Aspects of intelligent learning systems: e-Learning across various educational contexts

Name, Title and Affiliation of Chair:

Prof. Dr. Hiroshi Ueda (Hosei University, Japan)

Name, Title and Affiliation of Co-Chair:

Associate Prof. Dr. Mohammad Nehal Hasnine (Hosei University, Japan)

Senior Lecturer Mr. Hisashi Hatakeyama (Hosei University, Japan)

Details of Session (including aim and scope):**Aim**

In addition to e-learning using LMS, intelligent learning systems includes next generation digital learning environment have been applied to variety of educational fields. Online learning using such systems has the potential to realize optimized learning for learners regardless of time and distance. This invited session will focus on the aspects of e-Learning across various educational contexts.

Topics

Specific topics of interest include but not limited to:

- Intelligent learning systems
- Technology enhanced learning
- Online and virtual learning
- Learning Management System
- AI in education
- Practice in specific educational context using ICT
- Analytics and its application of educational data
- Usage, security, ethics and privacy policy of educational data
- Knowledge clustering in education
- Development of educational tools
- Curriculum design
- Online course management
- ICT usage to improve pedagogies
- Gamification and gamified learning environments

Important Date

- Submission of papers: TBD (around 15 April 2021)
- Notification of acceptance: TBD (around 1 May 2021)
- Final paper publication files to be received by TBD (28 May 2021)
- Early / Authors Registration Deadline: TBD

Main Contributing Researchers / Research Centres (tentative, if known at this stage):

Research Center for Computing and Multimedia Studies, Hosei University
